

SPLIT RECYCLER

Many end user companies have explored the purchase of Traditional Back-Office Recyclers. Most end-user companies cannot justify the cost and expense of traditional Back-Office Recyclers. End- User companies have the need for Cash Visibility Cash Forecasting, Change Order Automation, and a total view of the Cash Ecosystem, that is made possible through Traditional Back-Office Recyclers.

When the Split Recycler is paired with a variety of 3rd Party Managed Services, most of the benefits of a Traditional Back-Office recycler can be achieved, at a fraction of the Traditional Back-Office Recycler.

BACKROOM CASH PROCESSING SOLUTIONS**

SPLIT RECYCLER

- Geographic Company Location
- Record Class/Vessel Selection
- Configurable Process Order
- Customizable User Interface Terms
- Component Asset Tracking by Serial Number
- Machine lifetime statistics, such as total usage of components.
- Process Statistics
- Selectable User Interface Color Scheme
- Back-up and Restore Options via USB
- Customizable Maintenance Videos and Instructions by Access Code.

Reasonably customizable software to satisfy customer needs from small-business to enterprise.

Improves corporate office visibility to cash throughput, cash behavior, cash operations, accuracy, process, workflow and total understanding of Total Cash Ecosystem when used with 3rd party Managed Services.

Creates sufficient records to enable automation of change orders through the usage of 3rd party Managed Services.

Creates inventory records for all denominations of cash, both loose, strapped, in the safe, in the cash drawer, and in each of the register(s).

Can be used standalone, networked (internet or wireless), or configured to communicate via 3rd party Cellular connection, such as: OptConnect.

INTERFACE

Screen Size: 7"
Resolution: 800 x 480
Connectivity: DSI
Processor: Broadcom BCM2711, Quad-Core Cortex-A72 (ARM v8) 64-bit SoC @ 1.5GHz
Memory: 2GB
2.4 GHz and 5.0 GHz
IEEE 802.11b/g/n/ac wireless LAN,
Connectivity: Bluetooth 5.0, BLE Gigabit Ethernet
2 USB 3.0 Ports
2 USB 2.0 Ports
Input Power: 5V DC

CASH PROCESSING

Counting Speed: 800/1000 bills/min
Hopper Capacity: 500 bills
Reject Capacity: 100 bills
Stacker Capacity: 200 bills
Counterfeit Detection: Magnetic
Full-Line Ultraviolet
Double Sided Infrared
HD Color Contact Image Sensor
Color Spectrum Analysis
M-Algorithm
Power Supply: 100-240VAC, 50-60Hz
Weight: 16.84 lbs.
Size: 10.8" W x 9.8" D x 12" H

OLYMPUS STAND

Material: Heavy-Duty Metal Design
Color: Black
Modularity: Designated Areas for Cash Processing, Coin Processing, Interface & Printer

US Patent:12.033.452

COIN PROCESSING

Counting Speed: 950 Coins per Minute
Hopper Capacity: 1,300 (quarters)
Coin Bin Capacity: 400 (quarters)
Display Type: 3" LED Screen
Weight: 15.5lbs
Size: 9.5" W x 16" D x 12.6" H

PRINTER

Print Method: Direct Thermal
Print Speed: Up to 220mm/sec
Print Resolution: 180 dpi
Media Type: Receipt
Supply Method: Easy Paper Loading
Dimensions: 5.72" W x 7.79" D x 5.74" H
Weight: 3.02 lbs.
